Tier2 Submit

EPA Software Demonstration

Do you need to submit a Tier II report?

In Tier2 Submit,

you add or verify chemicals you are required to report: **Hazardous Chemicals, Extremely Hazardous Substances**, or a mixture containing these chemicals.

- **Hazardous Chemicals** require OSHA Safety Data Sheets (SDSs)
- **Extremely Hazardous Substances (EHSs)** are identified in the EPA List of Lists
- CAMEO Chemicals can be used to search for EHSs: <https://cameochemicals.noaa.gov/>

Where do I find this year's Tier2 Submit Software?

Tier2 Submit Software

The newest version of Tier2 Submit™ is for Reporting Year 2020.

Completed [Tier II forms](#) are due by March 1, 2021. Refer to the [reporting requirements for your state](#) for submission details. EPA developed Tier2 Submit to help facilities prepare an electronic chemical inventory report. Many states accept Tier2 Submit, and the Tier II chemical inventory data can also be exported into the [CAMEO Data Manager](#) emergency planning software.

Downloading Tier2 Submit 2020

Read the [terms and conditions](#) for information on using Tier2 Submit.

[Download Tier2 Submit 2020 for Windows](#) (62 MB, Dec 2020)

[Download Tier2 Submit 2020 for Macintosh](#) (91 MB, Dec 2020)

The Windows version can be run on Windows 7, Windows 8.1, and Windows 10 operating systems. The Macintosh version can be run on High Sierra (10.13), Mojave (10.14), Catalina (10.15), and Big Sur (11) operating systems. Operating systems not listed here have not been tested and are not supported.

If you have questions about reporting, please see: [Tier II Chemical Inventory Reporting](#).

Import your 2019 file from last year

 **Quick Guide** ×

Step 1: Import last year's data or create a new facility

To get started, click "Import" to import last year's data, or click the "Add a New Facility" icon  to add a new facility record.

Enter the required data for the facility, its contacts, and its chemicals. Data is automatically saved as you enter it.

 **Quick Guide** ×

Step 2: Correct validation errors and warnings

The red  and yellow  icons in the Facilities, Contacts, and Chemical Inventory list indicate errors and warnings. Click these icon to see the problems.

You must fix all errors before creating a submission file.

 **Quick Guide** ×

Step 3: Create a submission file

Click "Export/Submit" and choose "Create a submission file (.t2s) to submit to your state." Select the facilities to be included in the submission file, most commonly all of your facilities.

The program does a final check of your data before writing it to the file you specify.

 **Quick Guide** ×

Step 4: Send your submission file to your state

Follow your [state's instructions](#) for how to submit the .t2s file you created to meet your reporting requirements.

Also save the .t2s file to a safe backup location. You will use this file as the starting data for next year's Tier2 Submit report.

 **Quick Guide** ×

Step 5: Make a .pdf file for your records

Click "Export/Submit" and choose "Create another kind of export file" and "Create a .pdf file." Select the facilities to be included in the .pdf file, most commonly all of your facilities.

The program writes the data to the .pdf file you specify. You can print this file and archive it as a printed record of what you submitted.

Create the electronic submission file.

You are not finished yet!

You must submit the Tier2 Submit file directly to your state. Tier2 Submit does not send it anywhere. It stores it on your computer for you to send.

Each state is unique - specific instructions for your state are [here](#). Check your state each year for Tier2 Submit instructions, as they may change.

The CSB's reporting rule requires prompt reports to the CSB from owners or operators of facilities that experience an accidental release of a regulated substance or extremely hazardous substance that results in a death, serious injury or substantial property damage.

You are required to report an accidental release within eight hours of a qualifying event (40 C.F.R. §1604) in one of three ways:

1. Contact the CSB by telephone at 202-261-7600 and answer a series of questions
2. Fill out and submit a form with appropriate response to the CSB by email to report@csb.gov
3. If you have submitted a report to the National Response Center for the same incident under CERCLA, email the CSB with the NRC report identification number, no CSB form required
